

Measure Square Spring Updates

MeasureSquare Product Updates

We have been hard at work and have released an update to MeasureSquare 8 Windows Edition.

Our industry leading Takeoff & Estimation Software has some great updates below, and a quick video to highlight these!

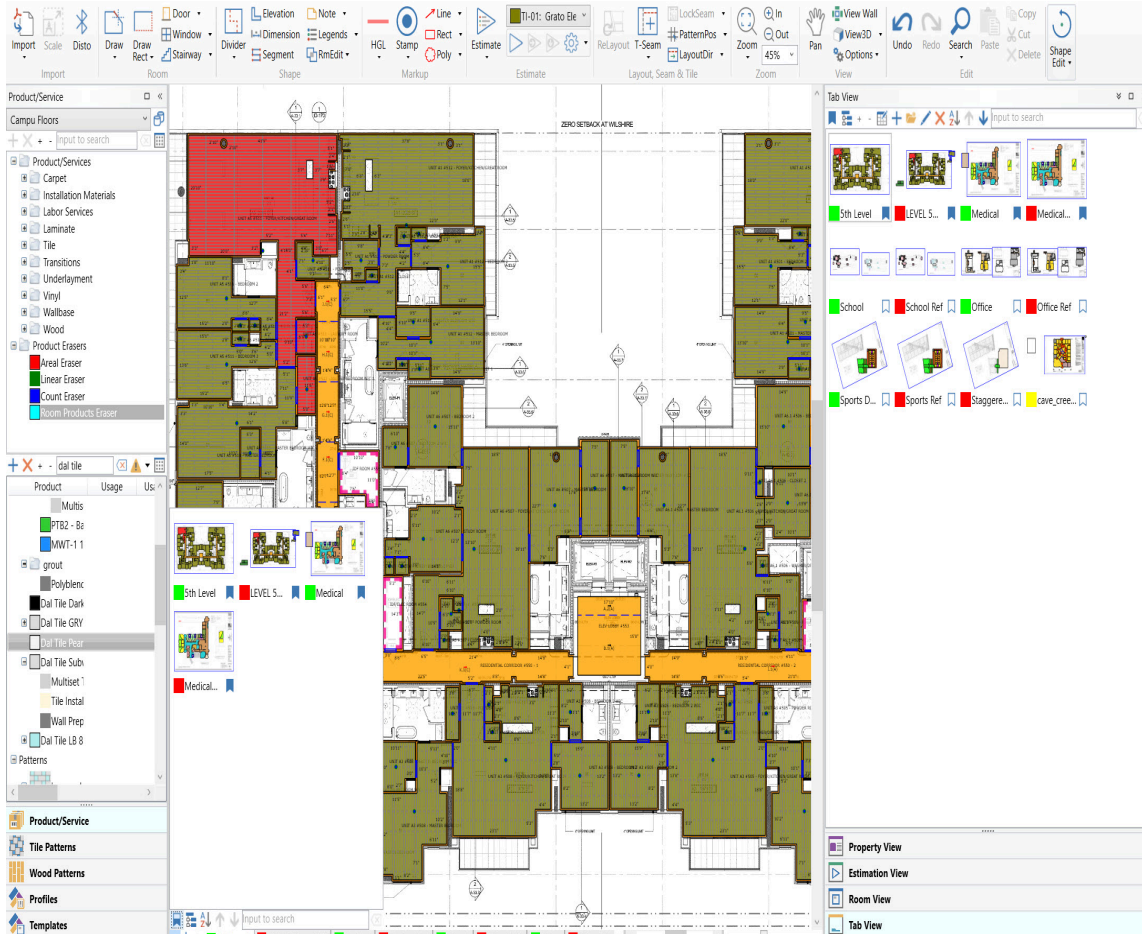

Introduction of OCR - Blueprint Text Search

We have done a lot of work under-the-hood to support text recognition for blueprint searches. With this new function, you'll be able to;

- Search across all tabs for anything text based on your blueprints
- Select text to copy and paste; such as room naming and product naming
- Find integral details of the job, and use the markup tools to highlight text and call attention to the right info

Tab Management & Blueprint Organization

We have added an amazing **visual navigation** to your tabs & floor views. You can now switch to a more detailed view of your tabs compared to the common list view

You can also **mass edit tabs**, **bookmark tabs** just like in your web browser, **organize by folders**, and see **amazing details** of each tab such as products, rooms, blueprints, and markups.

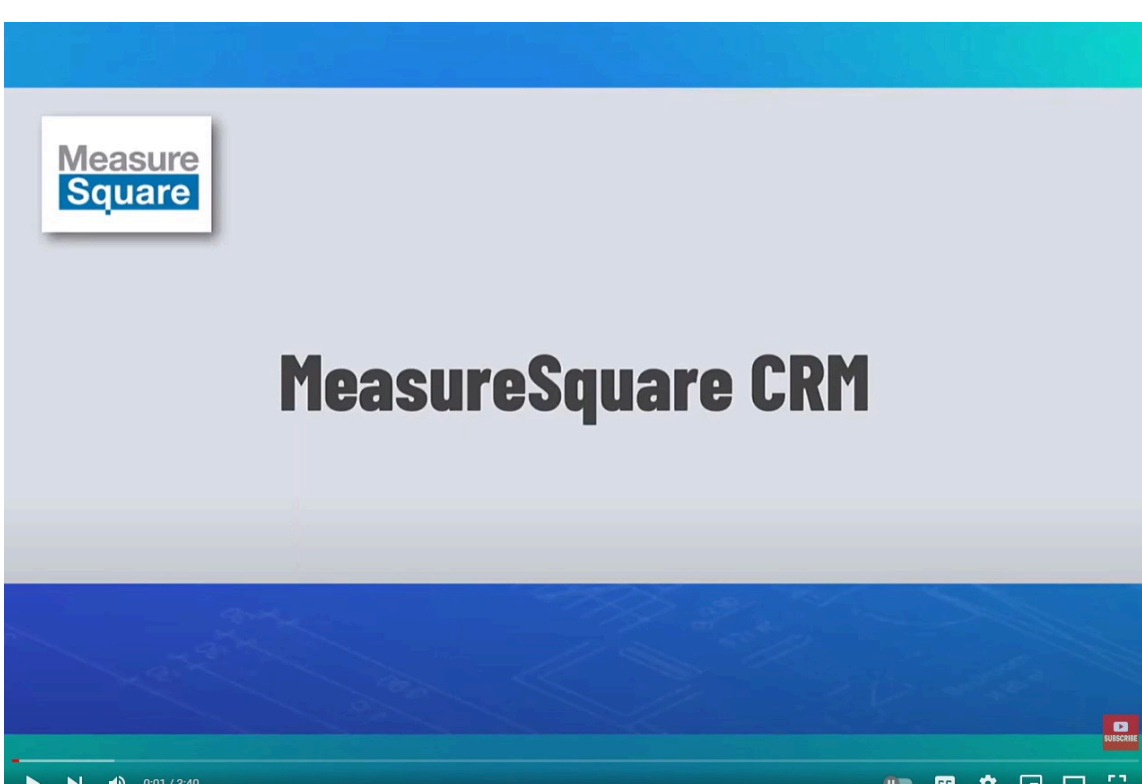

Print "Typical Walls"

You can now pick one, or multiple walls to be printed for each room and **avoid printing 10s or 100s of walls** that are all the same. **Save on paper** and **avoid miscommunication** by only showing what matters.

There is much more to this update so watch the **5 minute video** below to see even more!

MeasureSquare CRM Promotional Video

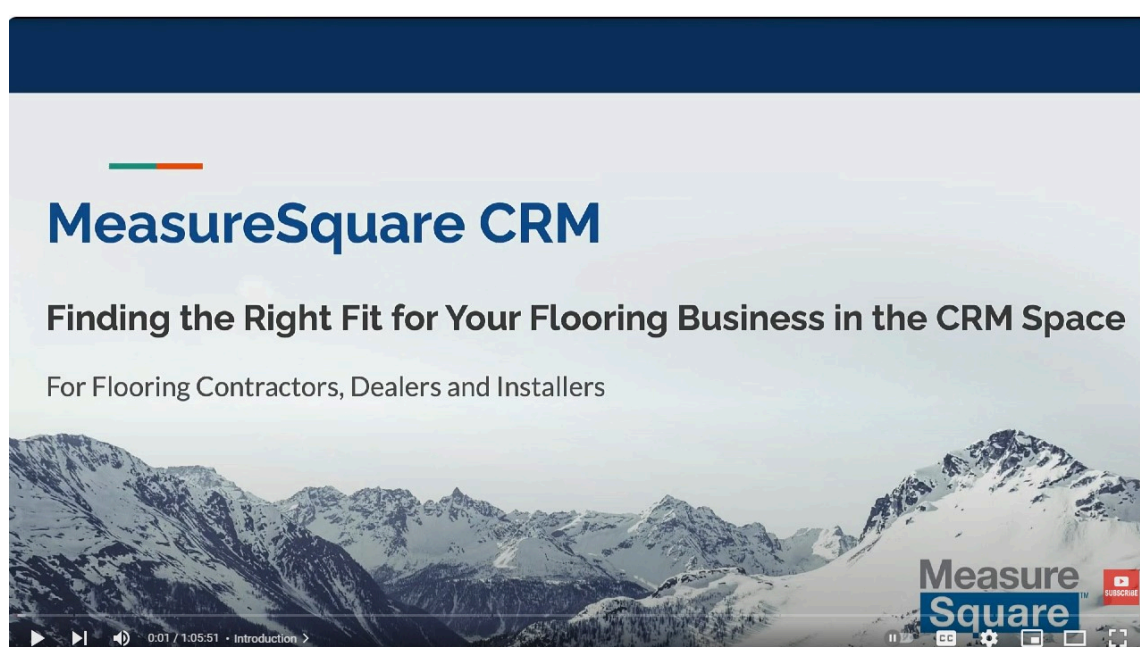

It's all over the place!! Measure Square has a CRM!! Now its your turn to check out what the buzz is all about. Our awesome **new promotional video** explains the importance of our dedicated CRM

software and its stellar capabilities. The MeasureSquare CRM is a unique solution designed to simplify workflows in the flooring industry.

It builds upon the **MeasureSquare takeoff software**, aiming to streamline processes by eliminating repeated data entry and centralizing project information. It offers various features to enhance efficiency and organization within the subcontracting realm. What this promo video to get a quick in-depth review of our latest One-Stop solution to transform your business.
