

## Measure Square Attends Starnet Annual Meeting on Amelia Island

The **Starnet Annual meeting** couldn't have been better on beautiful Amelia Island. The welcoming reception dinner, which included a whole pig, Pina Colada desserts, and shellfish, was hosted on the beach. The tradeshow ran for three hours, but we got a lot of traffic. We were even surprised by being mentioned during a tech presentation that our very own James Wisdom attended.

The presenter made a point to let attendees know to stop by our booth as his company is working with our CRM. The praise was a joy to hear. The tradeshow went by fast as we juggled great conversations with members we met during the Fall Starnet meeting. Many members have had the opportunity to give additional feedback on their CRM experience so far. Even more were excited to see the new software in action at the booth. The awards ceremony was fun and lighthearted. The presenters had many jokes, referencing mistakes from past shows and poking fun at each other.

However, the most notable moment, the People's Choice Award, was renamed the Rob Starr Award to memorialize a member of the Starnet team who passed recently - the reveal got a standing ovation and at least a minute of clapping from everyone. Overall, it was a time to remember, and we can't wait to set sail again with you. Measure Square also wants to congratulate the 5 winners of the **2024 Design Awards** who just so happen to be our customers!

## FCN Column x Measure Square

**floor covering news**

**Measure  
Square**

Measure Square is excited to announce that we are collaborating with **Floor Covering News** to offer a very special technology-driven column exclusively for their publication. This column has been created to help everyone, novice or advanced, utilize and incorporate technology into their business practices.

Measure Square has been wanting to deliver more educational viewpoints that will assist you in connecting more with technology so that you can become more comfortable. Check out **our debut story**, and let us know what you think. We will keep you posted as more articles come along.

## Extra CRM tutorials now live

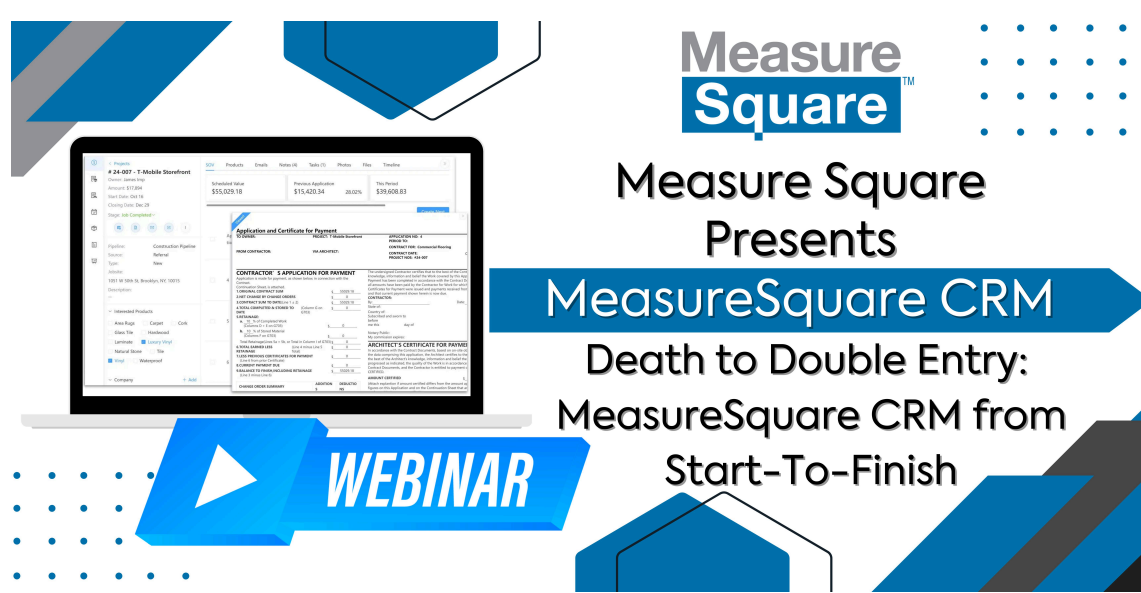

The MeasureSquare CRM is a one-stop industry-driven tool with measure estimating at the core of its design. As we roll out all the features, it comes naturally to Measure Square's number one goal: to help you improve and streamline your business from start to finish of any project. Our YouTube channel stands out among the various ways to learn about MeasureSquare CRM.

It provides comprehensive videos on different aspects of the software. Two recent videos about the CRM's most important features have been uploaded. These videos are on Statements of Values (SOVs) and Order Changes. Watch them now to get a sense of the powerful capabilities you will have at your fingertips once you've made the move to MeasureSquare CRM.

# Register for New June Webinar

Your days of entering information in more than one place and at more than one time are over. Our newest webinar for the MeasureSquare CRM will be unique as we will give you a full demonstration of the software in action from beginning to end.

Join us Wednesday, June 26th, at 11 AM for a complete walkthrough of a project on our CRM. This webinar will show how to manage a project from ITB (Invite to Bid) to invoicing. Our CRM experts, James and Brian, will cover managing your sales, pricing, purchasing, and scheduling in one place.

Along the way, we will show you how CRM does all the heavy lifting so that you can finally take a breath at work. Register today to a part of the demonstration.
