## New Measure Square x Stoneapp Integration Webinar Coming!

Join us for an exclusive webinar to explore how the new integration between Measure Square and Stoneapp can transform your stone and tile project workflows! This collaboration is designed to optimize efficiency and reduce redundancies with a range of powerful features:

- **Seamless Integration:** Eliminate double entry by connecting MeasureSquare takeoffs directly to Stoneapp quotes and projects.
- **Robust Operational Capabilities:** Leverage Measure Square's expertise in takeoff and estimating with Stoneapp's operational strength for an unbeatable project workflow.
- **No Re-learning Required:** Maximize productivity without needing to change your established workflows.
- **Save Time and Money:** Streamline communication between estimating and project management teams, cutting costs and boosting efficiency on every project.

Don't miss this insightful 45-minute webinar to see the Measure Square Stone & Tile and Stoneapp integration in action!

## Starnet Fall Meeting Review

2024 Starnet Fall Meeting  
OMNI NASHVILLE HOTEL | NASHVILLE, TN | OCTOBER 25 - 27, 2024

The **Measure Square team and Starnet** made sweet music in Nashville during the Starnet Fall Meeting. Here's a review of the time the away team had. Our one-day trade show was a success. Many Starnet members stopped by our booth to discover how MeasureSquare can enhance their estimating processes.

In between connecting with industry professionals, we soaked in the city's vibrant atmosphere, from the many rooftop bars offering stunning views to the live music echoing through every street—truly **embodying the spirit of "Music City."** We met with many members who desire smoother integrations and the ability to streamline their workflow. So, of course, we showcased the seamless integrations that come with MeasureSquare Commercial 8. We also invited many to attend our recent webinar to learn more about the best practices and recent updates.

Overall, these conversations show a strong need for easy-to-use, efficient estimating solutions to maintain day-to-day operations. To help with that, we're offering customized pilot programs, demos, and plenty of training resources to make the transition as smooth as possible. We informed them that we aim to help members interested in Measure Square see how **Commercial 8 Edition and CRM** can streamline their processes and improve estimating efficiency without the usual headaches.

Whether it was to discuss the latest in estimating tech or enjoy the sights and sounds of Nashville, it was an **unforgettable event**.

## STARNET FALL MEETING

# Recruiting New Members to the Facebook User Group

It's time to join our **Measure Square Facebook Group User Group**. Our community has been growing over the years, and we want to ensure you are getting all the benefits. Joining the MeasureSquare Facebook User Group offers both novice and experienced software users a range of benefits. It's a vibrant community where members can share tips, best practices, and solutions to everyday challenges, helping you maximize the software's potential.

Many discussion topics cover new features, troubleshooting, and creative ways to streamline workflows, making it easier to stay updated and efficient. You'll also have direct access to other MeasureSquare power users who frequently provide valuable insights and guidance.

Our Facebook group fosters **collaboration and networking**, contributing to your overall experience with the software and connecting you with a broader flooring and estimating industry community. It's a great time, so don't wait—join the MeasureSquare Facebook Group today!
