Measure Square

## AI Takeoff, AI Plan Analyzer: Try Today

Measure Square has officially entered the AI game, with the launch of AI Plan Analyzer and AI Takeoff. With AI Plan Analyzer, just upload floor plans directly to MeasureSquare CRM and instantly extract key details. You can:

- Identify key floorplan pages ready to be imported into MeasureSquare 8 for takeoff.
- Get an AI-generated summary of selected scopes (helping you quickly decide whether to bid for the job or not).
- Extract a full product list ready to be imported into MeasureSquare 8 with a few clicks.

The AI Takeoff tool in MeasureSquare 8 reads architectural plans and automatically draws rooms, cutting drawing time by nearly 50% per project.

You can try it today by logging into Measure Square and exploring our AI tools. Want to dive deeper? Click below to read our blog.

Measure Square

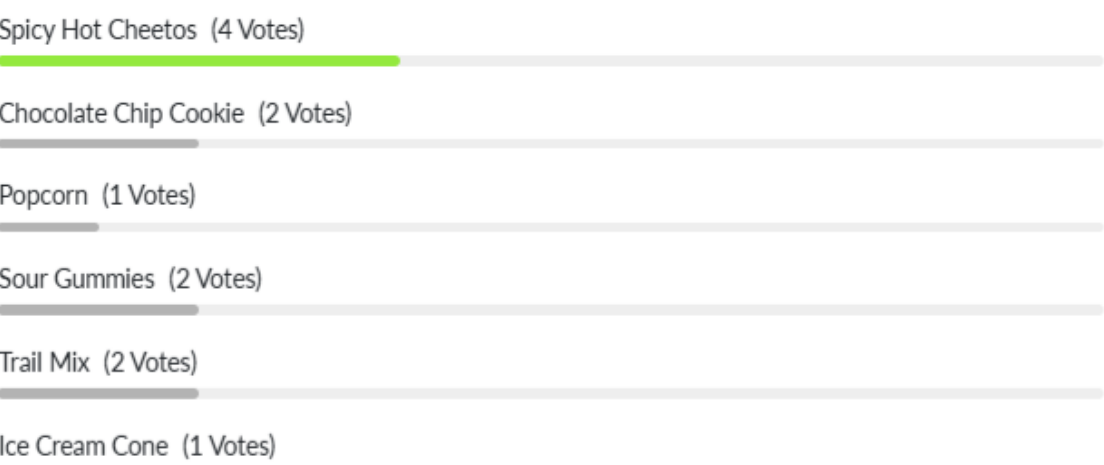

**FEATURED ON-DEMAND WEBINAR.** Last week, Anastasia Adams took attendees on a step-by-step walkthrough of MeasureSquare 8, from import PDF to print, specifically:

- An explanation of settings and options before you import & print
- Using the new Auto Detect Scale feature
- How to draw faster
- Why the Insert Hole tool is more than it seems

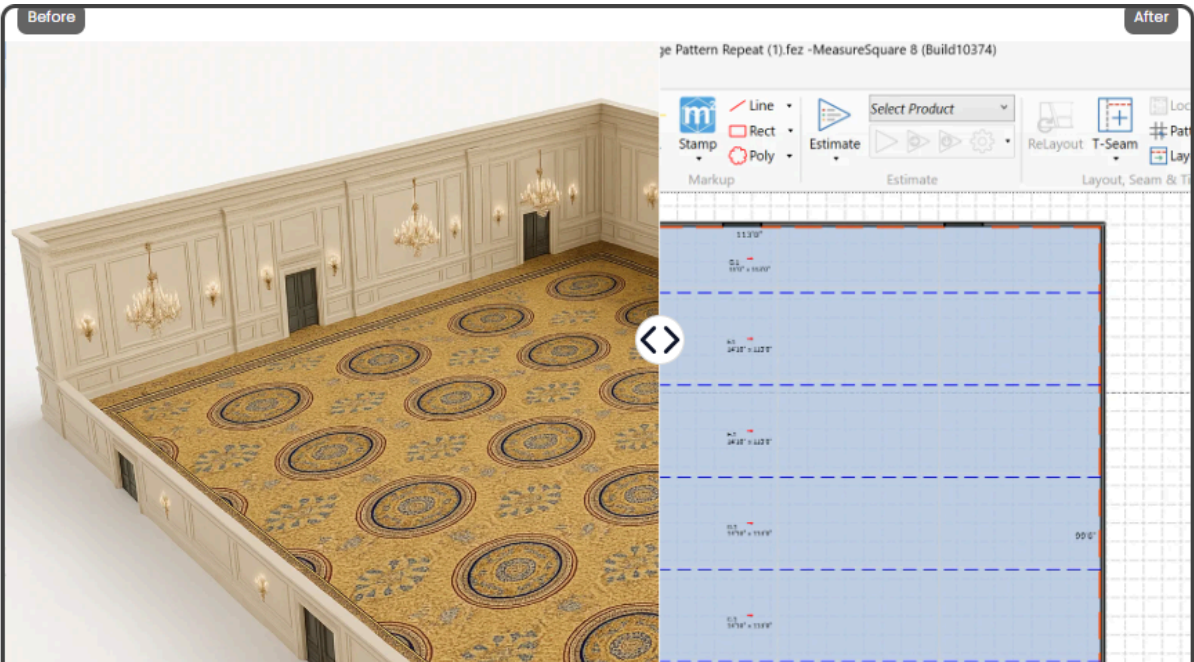

To find upcoming webinars, [visit our Webinars page](#).

WATCH REPLAY

If you were a snack, what snack would you be?

We also asked attendees what kind of snack they would be. The results were... spicy.

## Class Is In Session: New Use Case Library

We now have a library on our website featuring real-world use cases, complete with tutorial videos, step-by-step guides, and project files.

**Featured Use Case:** Join Anastasia Adam for an in-depth tutorial on working with patterned roll goods, specifically in ballrooms. Learn how to tackle the challenge with MeasureSquare 8, automating pattern carpet calculations, aligning designs, and factoring in real-world costs like freight.

**Browse our Use Case Library:** [Click here](#).

Measure Square x CARMAN

## Upcoming Event: Harrogate 2025

**New UK Office & Partnership:** Measure Square UK branch is expanding its reach, with the opening of our first UK-based office.

We also have a new integration partnership with Carman, a UK-based ERP from Computers for Flooring.

**What to Know:** Import catalogs straight from Carman into MeasureSquare 8: no rigid templates, no tedious reformatting. Build estimates faster, then send them back into Carman to keep scheduling, invoicing, and purchasing flowing.

**Curious?** [Read more about the integration here.](#)

**Interested in early access testing?** Email us at [integration@measuresquare.com](mailto:integration@measuresquare.com).

**The Flooring Show**  
**September 21-23, 2025**  
**Harrogate Convention Center**

**Plus, we'll be at Harrogate 2025**, UK's only flooring show, starting this Sunday. You'll get to preview Carman ERP x Measure Square, attend live demos of our full suite of products, and connect with our UK- and US-based teams.

**Interested in meeting us there?** Schedule a meeting below.
